

# How to add drlenkei.com shortcut to the iPhone Home Screen

1 Open [www.drlenkei.com](http://www.drlenkei.com) web shop in Safari.

2 Click on the **“Forward”** icon at the bottom of the screen

3 From among the icons that appear, click on **“Adding to the main screen”** in the second row

4 In the window that appears, click on **“Add”**

5 The icon will appear on your mobile device screen, ready to use.
